👤 PROFILE

With 4 years of experience as a Front-End developer, I am proficient in technologies such as Vue JS, React JS, React Native, PHP, Laravel, MySQL, Next.js, and Express.js, and have experience in developing applications with RESTful APIs. I am skilled with the entire Adobe suite and Figma, following design principles and keeping up-to-date with the latest Design and UI trends.

I work well in teams, using agile methodologies such as Scrum, and I am able to effectively execute independent projects. I am always interested in learning and exploring new knowledge to enhance my skills and provide innovative and effective solutions to clients. As a Front-End developer, I am passionate about creating exceptional user experiences, ensuring that each project meets business objectives and the needs of end-users.

💼 EMPLOYMENT HISTORY

Front End Developer at 4x4 Brasil, Ribeirão Preto
January 2021 — Present

As a Front-End Developer, my current role involves developing private systems for large companies using a range of technologies including VueJS, ReactJS, InertiaJS, Laravel (Blade views and APIs), PHP, jQuery, JavaScript (ECMAScript 6), CSS, SASS/SCSS, Bootstrap, TailwindCSS, MySQL, NodeJS, ExpressJS, and creating custom module packages with Webpack using CI/CD development practices.

I also assist in maintaining Debian Linux servers and have experience developing UI prototypes with Figma and Adobe XD.

In addition, I have experience developing websites using CMS WordPress, managing Google Ads, and implementing effective SEO practices.

To manage project progress effectively, I utilize Git and follow the Scrum methodology for time organization.

Front-End Dev & UI/UX at Autônomo
2017 — 2021

I have developed artwork for social media and Google Ads using Adobe Photoshop and Illustrator. Additionally, I have created advertising videos for various companies and industries using Adobe After Effects and Premiere.

As a designer, I have developed complete brandings, including logos, color palettes, and writing patterns.

Furthermore, I have developed commercial websites and landing pages using React, as well as CMS platforms such as WordPress and Shopify.

🎓 EDUCATION

BS, Computer Science, UNIP - Universidade Paulista, Ribeirão Preto
June 2019 — June 2023
